— SURGICAL SOLUTIONS —

Dear Doctor,

Thank you for taking the time to complete a Medical Clearance for Outpatient Surgery on our mutual patient. Preoperative lab (CBC and BMP) and EKG testing are not required unless you feel it is medically necessary. **The Medical Clearance must be completed within 30 days of scheduled surgery.**

The Medical Clearance for Outpatient Surgery should be sent to the appropriate facility where the patient is scheduled for surgery. The patient is aware of where he or she is scheduled and can indicate this to you.
